```

```
\mbox{\#} Human development index correlates positively with the per capita GDP (0.77 ),
```

<sup>#</sup> which means that these two variables tend to go in the same direction.

```
# The number of suicide is positively correlated with the population (country
) .
# The reason for this correlation is that it is a time series: the number of
suicide increases with the growth of the population which itself increases wi
th time,
# the same goes for the GDP, which increases every year.
